### POLES NAME APRIL 29 AS "AMERICAN DAY"

Lectures on This Country Will Be Delivered in Every School.

WARSAW, March 15 (By mail).—April 29 will be "American Day" in all the schools of Poland, Prime Minister Pionkowski, who is also Minister of Education, announces.

Illustrated lectures on America will be given that day in every public school in the country. The pole played by America in the liberation and relief of Poland will be emphasized and memorial services will be held in all churches in honor of Americans who gave their lives to the Polish cause. The Polish press suggests that American schools on the same date organize lectures on Poland.

## TOTTENVILLE POLICE IN PISTOL BATTLE WITH BOOTLEGGERS

Two Boatloads of Men Open Fire From Beach—Booze Believed Hidden.

Policemen White and Jensen, of the Tottenville (Staten Island) station, engaged in a pistol battle with two boatloads of men believed to be bootleggers in Staten Island Sound off Rossville. The shots were fired about dawn and the shooting was begun by the men in motor boats.

Mrs. Emma Elssoway, who has a country estate of about five acres along the shore at Rossville, telephoned the Staten Island police that she had been awakened by the barking of her dog and the firing of shots near the beach. The beach is separated from the house by a stretch of marsh land which is under water at high tide.

The two policemen were rushed in an automobile to the Elssoway place. When they reached the house they could see men working about a boat on the beach. As they started toward the beach the men in the boat opened fire and they returned the shots.

The first boat was joined by a second, which had come in from the Jersey side. The two started for Jersey, and when well off shore their occupants opened fire again.

Police believe that the marsh is a hiding place for booze, and that the shots heard this morning by Mrs. Elssoway were either signals or bootleggers shooting at some rival gang about to steal the liquor hidden in the marsh. When the tide goes out police will search the place.
